The Bar Hill Massive Youth Project Trust

At present the Trust is consulting with the young people of Bar Hill to find out what they would like in our village. An open meeting was held in the autumn, a youth forum (with young people's representatives from different village groups) is meeting for the first time in March and a questionnaire has gone out via Swavesey Village College. However there are lots of young people between the ages of 11 and 19 whom we will not have had contact with and so we are encouraging them to pick up a questionnaire from the library or alternatively to write out answers to the questions below and return them to 16 Hillcrest. All returned questionnaires will be entered into a draw for two cinema tickets.

1. What activities do you take part in (out of school/college) at the moment?

   A. In Bar Hill

   B. Elsewhere

2. If you.....
   A. Sometimes go to the Farmhouse - List what you like about it. What could be improved?

   B. Never use the Farmhouse - Why not? Under what circumstances might you use it?

3. What activities/facilities would you like to see in the village?

4. Rate from 1 to 10 (10 being the highest) the importance of the following facilities in Bar Hill:

Skate park	Astro	Farmhouse
Library	Small basketball area	Colts Football Club
Football Club	Cricket Club	Tennis Courts

5. Rate from 1 to 10 (10 being the highest) the importance to you of each of the following suggested activities:

Girls only youth sessions	Year 7 and 8 youth sessions
Youth Club in the Octagon	Casual sports sessions
Organised sports sessions	Organised sports tournaments

When you've written your answers, here or on a separate piece of paper, return them to 16 Hillcrest. All returned questionnaires will be entered into a draw for two cinema tickets. Don't forget your name and address.

Letters to the Editor

Opinions expressed in this publication (particularly on the letters pages) are not necessarily those held by the Residents' Association Committee. Alternative viewpoints are always welcome but anonymous letters will not be printed. The Editor reserves the right to withhold names and addresses where appropriate.

An open letter to Mr Brian Davies, Address Development Manager, Royal Mail

Dear Mr Davies

Proposed postcode changes

Like other residents of Bar Hill I have received a letter informing us of proposed postcode changes without any information of what these changes might be. While the heading of your letter implies that these changes will be in Cambridge, the text underneath states that these will be in the 'CB1 to CB5 area' and the open days will take place in venues as far apart as Linton, Burwell and Impington. The following questions, therefore, need to be answered:

- Will all the present CB1 to CB5 postcodes be affected?
- With 27,000 new addresses in Cambridge City and 23,000 around it, why have separate postcodes not been devised for these areas?
- Apart from population growth, are there other reasons which underlie these changes?
- What is the nature of the changes – the *Cambridge Evening News* has recently speculated on what these might be.

And our last question applies to your consultation. This, for Bar Hill and the surrounding villages inspires little confidence in Royal Mail. Bar Hill is a major centre along the A14, with over 1,800 houses and two thriving industrial estates. In addition, it has a hotel and a church centre with adequate facilities for a consultation with the public. Yet the nearest venues are either in Cambridge (with its difficult parking problems), Impington to the north and Comberton to the south. In addition, the consultations will run from 10 am to 3 pm, and none of them at weekend. This will make it impossible for those in full-time employment to attend them. Cynical observers would suggest that the timings and venues have been designed deliberately to avoid any meaningful consultation with the public and with local industry and commerce. To prevent this, I would ask you to reconsider them.

Lastly, postcodes are not merely used for postal purposes, but, in this computerised world, as an essential means of personal identity. What would banks, credit card companies, mortgage lenders, insurance companies, government agencies and others do without postcodes? Changes to postcodes, therefore, are capable of wide ramifications and I hope you have taken these into account.

Although you state that you cannot engage in any individual correspondence on this matter, I would, nevertheless, be grateful for your response to the points I have raised.

Yours sincerely
Roger Hall
District Councillors for Bar Hill, Dry Drayton, Boxworth and Lolworth

---

I was delighted to see Nick Richardson pressing for progress on the Barbers shop issue.This has been an eyesore for the village for 30 years, and more so than ever, now it has been burnt out for the last 4.

I note the various issues hinted at regarding the delay in progress, but given the passage of time they do seem fairly flimsy. When can the residents expect resolute action on this matter to bring it to a close?

On a related note I am pleased that the Hotel ownership has now passed to owners that at long last show a real promise to invest in the facility. That will be for the benefit of the village as a whole and indeed the golfers too I suspect. Given that they profess to run only 4 star hotels in their group, I doubt that they will want the Barbers Shop issue to remain unresolved a moment longer than necessary.

Go Menzies!

JOTTINGS FROM YOUR COUNTY COUNCILLOR

Between us, we continue to produce a growing volume of rubbish. District councils have to collect it and county council have to dispose of it. The Government's landfill tax is increasing significantly each year, which adds to the pressures on budgets. The increasing cost of rubbish disposal will eventually make the high cost of using new technology affordable.

A party of councillors and officials from DEFRA have just returned from Germany where we saw new technologies in action. Before anyone asks, we flew with Ryanair and travelled around by bus, so it actually cost less than making a similar visit to, let us say Hampshire. The first eye-opener was how badly our 45% recycling achievement compares with northern Germany where it is 61%. People there pay separately for rubbish collection whereas we are not allowed by law to levy a charge. The Germans can decide the sort of collection they want and how frequent it should be. Those choosing a four-weekly collection and who sort their own rubbish pay the least. Those who want a weekly collection and do no separation pay the most.

Visits to household waste-recycling centres attract a charge. The centre we saw charged 10 euros per car or less if recyclables were already separated. Charging at home would be relatively simple in administrative terms. Council Tax could be reduced to reflect the removal of the rubbish costs. There could then be a scale of charges, which would make no difference in cost to the average house producing the average volume of rubbish. Households that produce less would pay less and those which produced more would pay more; only then could we afford some of the technology we saw. We visited one of the four rubbish-burning power stations generating electricity for Hamburg. It was clean, non smelly, in town, and had zero noxious chemicals coming out of its chimney. Emissions are monitored continuously by the German equivalent of the Environment agency, and are always below legal limits. However, it cost 260 million euros to build. Other technologies we saw would represent a severe financial challenge but one we will be forced to face as the landfill tax increases.

County Budget Issues Explained

Having to choose between tax hikes and making cuts to services is clearly a difficult situation for all concerned; regrettably there is no choice thanks to under-funding from the Government and their "capping" rules. The only choice confronting the County Council, and the public, is how drastically sets of cuts

should be implemented. Year after year, the grant from central Government is responsible for the council's dire financial situation. It is not the council which is responsible for financial mismanagement as claimed by some people. Political opponents suggest financial mismanagement, a view not supported by either of our last two government assessments, or by the District Auditor who looks for just this sort of problem every year.

How can you justify spending £12M on consultants last year when it would have gone some way towards off-setting the need to save £9.3million you need to save this year? The council did not spend £12m on consultants last year as suggested; the real figure is nearer £5M out of a total expenditure of over £600 million. Some of the money quoted as consultancy was, in fact, normal contractor support.

I am always happy to defend our use of external providers to meet specialist and short-term tasks in particular. But we should always ask, for any task, whether we need to take on more County Council employees (with pension entitlements, maternity and sickness absence and potential redundancy costs) or whether it would be more cost effective in the longer term to use external providers. This year's budget is tough, but next year's budget looks set to be even tighter. So how are we addressing the continued erosion of front-line services?. We are investing some money this year in more 'spend to save' efficiency measures than usual. Some of these will help money go further in later years.

Regionalisation by Stealth

I have noticed an accelerating trend, initiated and fuelled by the government, towards the regionalisation of governance and public service. In the relentless drive to ever-greater efficiency in the public sector, we are now seeing forced mergers to make the basic units larger and larger. Let me make it clear, I am not against greater efficiency but I am against distance decision-makers being remote from local people.

In recent weeks we have heard of plans to merge police forces. The Cambridgeshire Constabulary and at least two adjacent county forces look set to be merged to form a new 'super force'. There may even be a six-county regional force. The cost of this reorganisation is being estimated in the region of £100M but there is no indication of the improved service which would be provided or how long it would take to cover the reorganisation costs. In the field of health, primary care trusts (which at the present time are based on districts) are being merged. The strategic health authority, which has overall responsibility for planning health care, covers two counties - but there is talk that it will be extended to encompass four.

While the government is preaching the 'empowerment' of the local electorate and the idea of acting at the local level, the units, which provide services, are to be made larger and ever larger.

This is because we have two major forces at work. The first is the skilful and cynical drive to encourage people to think that they are actually helping to make the decisions that affect them - by way of 'consultation' by government departments and agencies (which have their own agendas). The second is the drive towards larger and larger units, ostensibly for reasons of economies of scale. The true story behind this is, I believe, the Government's firm intention to introduce regional government by stealth.

Having received a raspberry in their attempts to foist regional government on the North East, the Deputy Prime Minister and his henchmen are strengthening the existing regional development boards and forcing the pace of creating multi-county organisations for public services. We have far too much government already. A further layer of regional government will lay us open to increased taxes, distant governance - and above all to the opportunity for EU bureaucrats to govern us as a series of regional 'units' rather than as a nation state.

Free Bus Travel – but not 'fare'

Currently, in Cambridgeshire, half-price bus travel is offered to people aged 60 and above and those registered with a disability. Free bus travel is already offered to those registered as visually impaired; the County Council, on behalf of all the District and Unitary Authorities runs this scheme which operates throughout the day and night. The Government's initiative to bring in free bus travel has been welcomed. The scheme will mean that people aged 60 and above, or with disabilities will be able to get free bus travel between 9.30am and 11pm. All District and Unitary Authorities have received additional grant to implement the scheme from 1st April 2006 but this is not enough to fund a full scheme.

This could result in a different system in each district. For example, a passenger living say in Bar Hill would be able to travel free to the Cambridge City or Huntingdonshire boundary but would have to pay full fare from the boundary to say Addenbrooke's or Hinchingbrooke hospitals. This is not a simple free travel for all scheme as it was originally billed and cannot be directly compared to the schemes currently operating in Wales and Scotland. It would be much better if the Government invested properly in this and introduced a simple and free service for the whole of the country. This would make the system much easier to understand for passengers and much more user-friendly.

Bar Hill Tennis Club

The new tennis season is rapidly approaching and the Club is looking forward to the new season with real excitement. Last autumn we completed the refurbishment of the Courts and we now have a brand new playing surface to play on. So we are all hoping for a long hot summer and plenty of good tennis!

In case you missed last month's article in the Bar Hill News we invite all existing but particularly potential new members to our Annual General Meeting.

This will be held at 8.00pm on Monday 20 March in the Studio Community room at Bar Hill School and everyone is welcome. Please come along even if you only want to know a little more about the Club and whether tennis might be for you.

We play on our own floodlit courts behind the School and welcome players of all abilities. We play socially for fun and to keep fit and also run teams competing in the local league. We have a very active junior section with coaching provided for the youngsters.

This year we are inviting anyone who wants to know more about the Club or would like to have a go at playing to come along to our social Club nights which will be held on Tuesday & Thursday evenings from 7.00pm to 9.00pm. Subject to satisfactory weather we hope to start Club nights a little earlier On Tuesday 18 April this year.

We would like to see Tennis being played on our courts as much as possible and the Club is now considering offering corporate membership to local Companies who may wish to make our facilities available to their employees. If any Companies are interested we would be pleased to hear from them.

Keep an eye out in the BHN for more Club information over the next few months but in the meantime we look forward to welcoming you at our AGM on 20 March at 8.00pm in the School Community room.

Please join us on the 20 March or for more details contact:

Bar Hill Cricket Club

Nets have started, the fixtures have been released – it won't be long now before the cricket club is into the serious business of the summer.

We now know the fledgling second eleven will be competing in the CCA, division 4NA, alongside Over III, Histon IV, Somersham II, Wimblington II, Cottenham III, Waterbeach II and St Ives IV – a few local derbies in there!

Somersham provide the first opponents, in an away game on May 6, while the seconds' first appearance on the village green will be in the Lower Junior Cup against Cambourne on Sunday May 21.

The firsts are once again in division 2NB, along with Abbots Ripton, Over II, Histon III, St Ives II, Longstowe II, Wilburton, Cottenham II and Needingworth.

However, their first fixture of the season will be the Junior Cup tie at home to Cambridge St Giles II on Sunday May 7.

With a full programme of Sunday friendlies, including the much-anticipated games against the Social Club "Wrinklies" and the Church, and Colts teams running at under-12, under-13 and under-15 level, it promises to be a very busy summer.

All those who were members last year should by now have received their membership forms for 2006. Parents should have also received letters outlining our plans for the Colts teams. Please contact me on the number below if you think you have not received a letter, or if you have not been a member in the past and would like to join.

If any parents would like to help run the teams or coaching during the summer, again, please call the number below.

All members are welcome to nets which are held every Sunday from 9.30am to 11am at the Perse School (entrance in Hills Road). Lifts can be arranged – contact me on the number below.

Finally, a big thank-you to our friends in the Blades Runners quiz team, who most generously donated their winnings from a recent Social Club quiz evening to the cricket club. This terrific gesture is greatly appreciated. We also owe a vote of thanks to Andy Kent from Andy's Kars, who has generously agreed to provide a kit bag for our under-12s team, as well as servicing our roller.

Public Consultation – Anti-Social Behaviour

A public meeting was held on 21st February, hopefully many residents would have been interested enough to attend. Once I have further information I shall let you all know. In the meantime any updates can be found on the Parish Council website at www.barhillpc.org.uk.

Village Graffiti

It was decided that a jet wash system would not be beneficial to us for the removal of graffiti as in time this would erode any brickwork that graffiti has appeared on. It was therefore decided that we would paint over graffiti in the short-term and this has already started. Please accept the Parish Council's apologies for the delay in having this work done but we have to go through the proper channels and sometimes this can take time. Again further updates on this subject can be found on our website. For your information a person has been charged with the damage caused through graffiti in the village and prosecution is imminent.

Litter Picking Day

Once again we have arranged for a Litter Picking Day to be held on Saturday 8th April 2006. If you would like to join in and keep your village tidy please contact me for further information or turn up on the day at 10am outside the Parish Council Office where I will be issuing black bags and litter picking sticks.

Library Area

As you know from previous articles the Parish Council are in the process of turning the area outside the library in to a small garden area that has been designed by the children of Bar Hill Primary School. We have now decided to call this area The Children's Garden in dedication to little Danny, who sadly passed away last month. A bench and plaque will be placed in the garden for people to remember him.

Parish Council Website

Please note our new website address is as follows www.barhillpc.org.uk. This will keep you up to date on current affairs in the village including meeting minutes and agendas.

Parish Council Meetings

The next Parish Council meeting will be held on Thursday 16th March at 7.00pm in the Parish Council Office Meeting Room. The public is very welcome to attend this meeting.

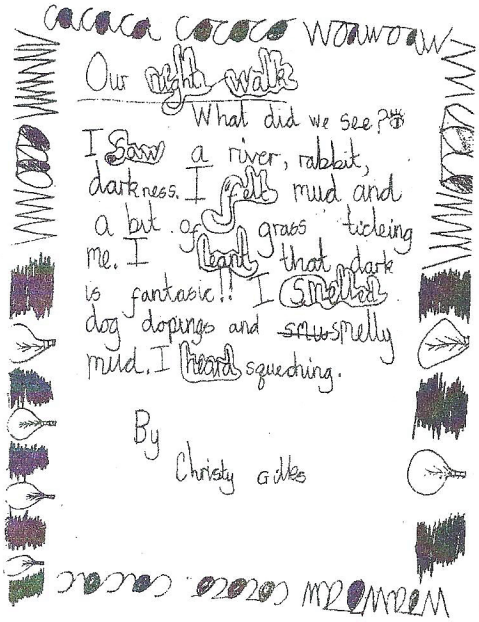
News From The School

Night Walk with Nick Richardson

Year 1 and Year 2 at Bar Hill School are learning about Light and Dark in the Study Unit work called 'Bright Sparks'. The children had to learn that:

- Dark is the absence of light;
- That it is only really dark when there is no light at all;
- That our other senses are just as important to use.

At the start of term in January we all went on a Night Walk led by Nick Richardson around the Nature Reserve. We may have been too excited for the animals but the children had an enjoyable learning experience. We returned to school for a quick drink of hot chocolate to warm us up and by the third evening the chocolate drink definitely improved. Christy Gilk's impressions sum it up very well indeed. Thank you Nick!



Our night walk
What did we see?
I saw a river, rabbit, darkness. I felt mud and a bat. I heard grass tickling me. I heard that dark is fantasic!! I smelled dog dopings and smelly mud. I heard squeching.
By
Christy Gilks

The reception children at the school have enjoyed this half-term's work which has focused on toys.

The first week after half-term we have planned a 'Teddy Bear Week' and more outdoor activities, as the weather improves.

We look forward to the visits from the children who are starting school in September 2006.

District Councillors' Reports

Tesco's proposed nutri-centre

Permission for this has been refused as a result of Tesco's failure to address the impact it will have on the number of extra cars it will attract and the extra time cars are likely to spend in the car park.

Waste collection 'green' league tables

South Cambridgeshire District Council is the third in the 'green' league table with 46.9% of rubbish collected as recyclable. It is the top, however, in the amount of rubbish collected for composting

No one in B & B

By using hostels and the temporary letting of council houses, no homeless person is now in bed and breakfast accommodation in South Cambridgeshire. The Government's target is that councils should halve the number of homeless households by 2010.

Licensing

Re-licensing required under the 2003 Licensing Act is virtually complete. SCDC handled a total of over a thousand applications by taxi drivers/vehicles and operators, 472 applications with regard to premises, 511 personal applications and about 250 others. This was undertaken by 3.5 officers – 693 each which compares favourably with 317 in Cambridge City and 474 in East Cambridgeshire. Members of the Licensing Committee will shortly have to start implementing the 2005 Gambling Act similar to the procedure employed with the Licensing Act.

Elections every four years

Although this may be overtaken by the Government's decision with regard to Local Government reorganisation (see below), residents will be asked their views in the spring edition of the South Cambs News. If residents who reply are in favour, then this will save £20,000 per year which will enable the Council to restore some of the cuts made as a result of capping.

Housing

The Council's Financial Director has reported that paying for council-housing repairs and improvements at the current level will not be feasible after the year 2008-9. This is the result of half council-house rents being submitted to the Government, rents being, in effect, 'pegged', and that the Council cannot borrow or transfer money from elsewhere for this purpose

Local Government Reorganisation

A White Paper outlining the Government's plans will be published later this year, involving the 34 two-tier counties which include Cambridgeshire. These, it is being suggested, will involve replacing district and county councils with all-purpose unitary councils. The ODPM's office indicated on 2nd February that regional round-table meetings will take place, involving not only councils but the business community, user-groups and the voluntary sector. A possible timetable will be a Bill before Parliament in January next year, enacted in October, with elections to new councils in May 2008 leading to the full implementation in April 2009. Contrary to some reports, the 2007 district council elections will go ahead. Parish Councils may receive additional responsibilities.

Post Office

Yes it's still ongoing, the alterations to the library have been agreed with the Post Office and Library, once funding is in place I will advise when the work will start and when the new post office will open.

Guided Bus Exhibitions

As you may know, the County Council have been planning a programme of exhibitions about the Guided Busway to take place in February and March. The exhibitions will give local people an opportunity to find out more about the scheme and to ask any questions they may have.

The dates of the remaining exhibitions are as follows:
Oakington Primary School, Tuesday 7th March 2006, 3.30-7.30pm
Histon & Impington Junior School, Weds 8th March 2006, 3.30-7.30pm
Trumpington Village Hall, Thursday 9th March 2006, 4.30-7.30pm
Trumpington Park & Ride, Tuesday 14th March 2006, 7-9.30am
Meadows Centre, Arbury, Tuesday 14th March 2006, 5-7pm
Park & Ride, Thursday 16th March 2006, 3.30-6pm

Local residents will receive a leaflet through their doors to inform them about the exhibition and posters will be displayed locally.

Out of School Club

SPARC Building, Gladeside
Tel 07957 572653 During Club hours

We are a non-profit making Out of School Club which provides childcare, for school aged children in a safe and caring environment for working parents or for children who want to use the Club to socialise with other children, especially if they are new to the village.

We have a purpose built building adjacent to the School, from which we have direct access.

Our team of dedicated staff are regularly updating their training, which includes NVQ's in Playwork, Child Protection, First Aid and many more.

We had an excellent OFSTED inspection of which we are very proud.

A typical session provides the children with a wide range of activities from computers to home corner, modeling clay to pool table and much more, or a chance to chill out watching a video or DVD. We also have a wide range of outdoor activities, which we can do in the safe environment of the School playground. During the holidays we have themed activities, which the children are involved in choosing, as they are with many other issues, such as outings etc. as it is their Club, they even chose its name. This summer's theme was "around the world in 25 days". We also provide a snack e.g. Pasta, filled pittas and hot dogs etc, followed by a biscuit and fresh fruit. If there is a birthday we make a cake to share.

We are open after school till 6pm every day at a cost of £3/hour and from 8.15-6pm during school holidays for £19/day or half day rate of £9.50 for either 8.30-1pm or 1.30-6pm.

Our building is also available for hire, for parties, meetings etc - £5 per hour and £10 for the kitchen.

For further information, to arrange a visit, or to hire the building please call Patsie on **07921 541549**.

Bar Hill Parent and Toddler Group

(formally Tots and Teds)

Bar Hill Parent and Toddler Group is a welcoming and friendly group set up to provide play and socialising for children 0-4 years. A committee of local volunteer parents runs the group. We meet in the Octagon every Wednesday and Friday morning 9.45 – 11.15.

Each session is run by a Session leader and provides a range of activities, which includes crafts; puzzles; imaginary play and a selection of outdoor toys (weather permitting). We provide refreshments and an opportunity to meet new people. We ask a small fee of £1.80 per child per session and £1.00 per sibling (this helps us cover the cost of the hall/ refreshments/toys).

Younger Toddlers

If you little cherub is still young and feel that things could be a little much for them, please do come down to our Friday session, this is generally a little less busy and therefore more suitable for the younger ones who are just starting to toddle or still crawling.

Healthy alternative

The introduction of healthy option for snack time has had a very positive response and will be always offered. If you have any comments we are open to consider any other suggestions you may have.

Friends of the Rosie

"Would you like to say "*Thank you*" to the Rosie Hospital?

The Friends of the Rosie raise money to buy the medical equipment that Addenbrooke's and the NHS does not provide. Please send a donation via our website at www.rosieinstitches.org.uk or send a cheque made payable to Friends of the Rosie to Mr D Sanders, 145 Gwydir Street, Cambridge, CB1 2LJ

Other ways you can help the Rosie are:

- By donating time instead of money - as a driver for our elderly knitters in return for an enjoyable day and lunch - having a basket of our toys and clothes to sell on our behalf.
- By enjoying a drink with biscuits whilst awaiting your appointment at the Rosie.
- Buying one of our hand-made items (see our selection of hand-made toys and clothes up to age 4 at the Tea Bar in the Rosie Outpatients).
- By helping serve in the Tea Bar.
- Visiting our large stall at Addenbrooke's Outpatients, or one of our small displays in the Breast Screening Clinic or Clinic 5 in Addenbrooke's, at Hackers Farm Shop in Dry Drayton and the Community Centre, Bassingbourn on Mondays between 2pm and 4pm.
- By donating wool and other craft materials.

We have a stall at Addenbrooke's Outpatients on 8th and 22nd March, 4th and 13th April, 15th and 30th May.

Our AGM is on 6th March at 1pm in Seminar Room 4 at the Rosie Hospital.

Addenbrooke's Open Day is on 20th May.

Avril and Jo would like to thank those Bar Hill residents that have already made a donation to our supplies, and we will continue to welcome donations of items for sale, wool and ribbons etc at 111 Hillcrest or 11 Almond Grove.

Thank you for your support in whatever way you can.

CAMBRIDGE
BUILDING SOCIETY COMES TO BAR HILL

The new branch of Cambridge Building Society in the Mall is now open.

The Building Society is unique in its approach to offering a very large branch network in the Cambridge area. Bar Hill will be its 22nd branch and it plans to open a further branch at Cambourne in 2006.

Caroline Togher, Head of Strategy and Marketing for the Cambridge said:

"We are very excited about this latest development. We have supported a large number of people to buy houses and make their homes in Bar Hill and now we can offer them and everyone else in the village their own branch of the Cambridge.

"Our aim from day one will be to become part of the local community and not just a large business with an office in the village. We encourage our staff to take an active interest in what's going on in their local area and this approach is backed up by our willingness to support fundraising groups and local charities within the community.

"We look forward to seeing our customers at the branch and to welcoming new customers who choose to use this new local facility."

Do You Want To Make Your Community A Better Place?

All over the country, voluntary organisations are at work to make our society a better place. And at the heart of every one of them, from the largest and best known charity to the smallest community group, there is a board of trustees.

You may never see them on TV or read about them in the press, but the individuals who serve on trustee boards are making some of the most important decisions that affect **your local community.**

Could this be you? Could you spare a little time to get to know a local voluntary organisation and join its management board? They look for people from a range of backgrounds and would welcome your views. You would need to go to management meetings probably once every two or three months, to help make sure the organisation is run well, in line with its aims. In return you'd have the satisfaction of seeing your life experience and skills put to good use and benefit your community.

To find out more about how to become a trustee or if you are already a trustee and would like to join the trustee network why not contact the Cambs and Peterborough Trustee Network, 4 Broadway House, 149/151 St Neots Road, Hardwick, CB3 7QJ. BAR HILL COLTS F.C.

Welcome one and all to the mad March rantings from yours truly. I have worked out why March is always associated with madness. It's because we are all trying to fit those postponed games into a free (no such thing) Sunday. So this month I humbly request for you all to spare a thought for those kind people who organise the fixtures, then re-arrange them, and then re-arrange them again and again. Our sincerest thanks to **Sarah Phillips**, and **Gail Pridgeon** in our own club for their efforts with our 10 teams. I also want to spare a thought for those in the Leagues, in particular **David Smith** (who looks after over 300 colts league teams across 7 age groups). Thanks to them all for their efforts.

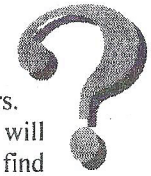
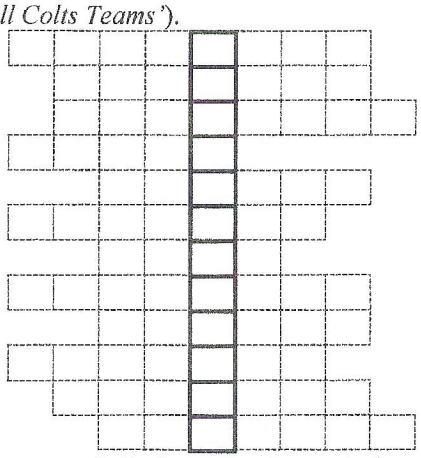
QUIZ TIME

This month, a quiz for everyone to have a go at. There will of course be a prize for the winning entry, so why not have a go. All you have to do is work out the answers to the twelve clues.

Clues: **1.** Girl's Ruthless Boss (8)
2. Clue's "a plenty"(7)
3. "turf is ex" for Sarah and Gail (8)
4. 1st name of Ref for Bad Tummy (5)
5. Which anniversary? (6)
6. Who understands this rule? (7)
7. 'Neal' to our Secretary (4)
8. Hand ofGod player (8)
9. Our 'Men in black' family (6)
10. England team's home (7)
11. Under 7's new name (*Feb BHN*) (7)
12. Roman's Blues (7)



Put the answers into the grid, and these will reveal the twelve 'key' letters. Once you have them, you will need to rearrange them to find the 'hidden phrase'. (***Clue to the hidden phrase:*** *'Common for all Bar Hill Colts Teams'*).



Now complete the entry form at the bottom of the page, and post it to **66, Field View, Bar Hill, CB3 8SY**, or alternatively email your answer with your Name Address, and Tel number to **soccer66@ntlworld.com**. Alternatively, you can visit **www.barhillcolts.org.uk** where you will find a competition entry form for you to fill in. All correct answers will be put into a hat, and the winner will be the first one drawn out at our May monthly meeting. Entries must be received by 20th April to be eligible.

Well, sorry, but that's all for this month. Good Luck with the competition....

Nick's Nature Notes

March for me is when spring has undoubtedly started. Look closely in every habitat and you'll see its signs.

The key mammal to look out for in March is the brown hare. They can be seen courting this month, the traditional 'boxing matches' taking place in many fields. A bit of 'fieldcraft' will help you see them: wear muted colours, keep quiet, and move slowly keeping the wind in your face will make it easier for you.

Lapwings, the commonest British plover will be setting up territory, the males performing their noisy tumbling flights, looking like they have suffered a mid-flight cavalry attack and come crashing down to the ground only to recover at the last minute. Woodpeckers will be 'drumming' and now the bird world has finally come alive.

Common Frogs are the earliest amphibians to emerge from hibernation, making their way to their breeding ponds, unless the males have adopted a policy of staying in the pond all winter, under the mud and debris on the bottom. When the ambient temperature reaches 7-10° they become active and get ready for spawning. This is a 24-hour spectacle and lasts between 1-5 days: look later for the jelly-like spawn then await the arrival of the frogs.

Butterflies may be seduced by the spring, look out for Small Tortoiseshell, Peacock and Brimstone.

How about standing around the base of the flowering Sallow tree, at night or daytime, the warmer the weather the better? When most of the countryside seems devoid of insect life you will be rewarded with appearances of Peacock, Small Tortoiseshell, and Comma butterflies, early hoverflies, honey bees and the first of the queen bumblebee as they all gorge themselves on the plentiful supply of pollen and nectar.

Primroses will be in flower in the woods (primrose meaning first rose), also Lesser Celandines and wild daffodils. Look out also for the Aurum Lily (better known as "Lords and Ladies" or "Cuckoo Pint") which emits a stench to attract insects. Wood Anemones carpet the floor of the wood in white and spreads at the rate of two metres every 100 years.

All this sounds good, then go out for yourselves and see firsthand: you will be enthralled.

PPI Forums

Ever thought about becoming a volunteer?

Your local 'Patient and Public Involvement in Health Forum' is looking for new members in your area. If you have some time on your hands and are a user of the NHS, which most of us are, you are eligible. You don't need to have a background in healthcare, merely an interest in it.

The Forums are made up of local people who are interested and enthusiastic about the health of their local community making sure that the local NHS is able to effectively and efficiently meet the health needs in the area.

This is a government initiative which gives the Forum the right to examine services provided by all NHS providers and to make suggestions for improvements. They deal with a wide range of issues, yet many people have never heard of PPI Forums, which is a terrible shame.

If you would like further information on PPI Forums you can contact the Forum Support Organisation on 0845 0093477.

Avian Influenza Surveillance

Who to contact if you should find any dead birds

Until further notice, cases of dead wild birds previously reported to the police should be referred to the Defra Helpline on 08459 33 55 77 (calls out-of-hours are being dealt with by the State Veterinary Service. For Norfolk, Suffolk and Cambridgeshire this will be the Bury St Edmunds office on 01284 778150).

The Defra website defines a significant find to be:

One or more dead swans/wild fowl (ducks and geese), more than three dead birds of the same species in the same place or more than five dead birds of different species in the same place (excluding obvious road deaths).

Wise up to the Net

1. Tell your children they should never reveal information such as their name, address, mobile phone number, email address, school, or any other clue to their identity.

2. Discourage children from entering private or one-to-one conversations in chat rooms, they should stick to the public areas where they'll be much safer.

3. Tell your children not to meet up with someone they've chatted to online, unless they take you or another trusted adult along with them.

4. Encourage your children to be open about bad experiences they've had online. If they have had a bad experience, reassure them by telling them it's not their fault, and don't react by instantly banning them from going online.

5. Ask your Internet Service Provider (ISP) about its safety features. Find out how to alter the "content" settings on your browser (use "help" on your browser).

6. Special filtering software allows you to steer your children away from certain websites or chat rooms, but be aware that no filtering tools are 100% foolproof - your child may well know how to get round them.

7. Create a "favourites" folder of mutually agreed sites that your children can visit.

8. Get in touch with the police straightaway if you think your children may have been approached by a paedophile. All UK police forces now have specialist officers dealing with Internet crime.

9. Report illegal material to the Internet Watch Foundation on 08456 008844, which will seek to have it removed.

10. And most of all, try to help them enjoy what the World Wide Web has to offer.

Positioning your computer in a family room is another way of discouraging misuse of the Internet.
